The Vatican Philatelic Society is an international society devoted to the collection and study of the stamps, postal history and associated collecting areas of Vatican City and Roman States philately. Included in your membership is a subscription to our award-winning quarterly journal, *Vatican Notes*, that covers all aspects of Vatican City philately including a comprehensive review of all new issues released by the Vatican Postal Administration. The Society is an affiliate of the American Philatelic Society (#129) and provides a variety of services for its members.

Established in 1929, the Vatican City State has a conservative stamp issuing policy. The subject matter appearing on its stamps throughout the decades include topics covering all aspects of religion and the Bible, masterpieces of art and architecture, notable saints and religious leaders as well as the current and previous popes along with their world-wide journeys.
